

Official Educational Membership Application

The Automotive Service Association (ASA) is dedicated to enhancing the professionalism of the automotive service industry through education of owners, managers and technicians. ASA offers its members a proven list of benefits. It arranges for technical and management education and continually strives to build professionalism in its membership.

ASA works with training facilities to ensure that the students who apply for technical jobs are adequately educated. These students must be able to cope with the extraordinary demands made by advances in technology.

In order to maintain the Association's professional service goals, an Educational Membership is offered to any person actively engaged in training automotive service industry personnel. Educational Members are encouraged to join with ASA and other participating industry groups in efforts to improve the quality of automotive service and the image of those employed in this important industry.

Educational Membership Opportunities

- You can develop a meaningful partnership between you, your students and the business community.
- You can help improve the image and effectiveness of vocational education, automotive technicians and the automotive service industry.
- You will be able to take advantage of the ASA member prices for attending the International Autobody Congress and Exposition (NACE) and the Congress of Automotive Repair and Service (CARS), both of which are educational events sponsored by ASA.
- You can develop employment opportunities for your students upon graduation. Through ASA, you will have contact with the day-to-day world of automotive repair and service, so you can be confident that you are teaching students what they need to know.
- You will receive regular Association mailings including a monthly magazine, AUTOINC., factory bulletins, newsletters and notices concerning technical and management seminars sponsored by the Association.
